Dear Kerri,

The 2010 ProGreen Expo is right around the corner! If you are attending the show, please come see us in booth #1625. The show is one of our favorite events because it gives us the chance to see everyone and to hear your thoughts about the upcoming year. We will have 2010 Catalogs available for you from many of our suppliers, so be sure to stop by to see what we are offering this year. We look forward to seeing you soon!

We have spoken with several suppliers in the Midwest and the overall feeling from the MidAm show was one of optimism. We are hopeful that ProGreen will be the same, and we look forward to a successful year for everyone!
